Bureau Veritas Certification France carried out as planned the audit of renewal of management system certification mentioned below, it was not possible for the client, given the crisis linked to Covid 19, to close all non-conformities raised during this audit within the allocated time.

In the absence of major open non-conformities following this audit, it was decided to extend the validity period of the corresponding certificates by 6 months.

The final decision to renew the certification must be made following the closure of all non-conformities within this period of 6 months.
